

NO FAULT SURFACING

SEEN EVERYWHERE AT THE NEW LSU ALEX BOX BASEBALL PARK!

No Fault Safety Surface is installed on both playgrounds and the infield warning track.

No Fault SporTurf is installed throughout the indoor batting cage facility.

*No Fault materials are environmentally friendly. The two playgrounds at Alex Box utilized 3,280 recycled tires.

In the Spring of 2009, LSU completed their new forty million dollar baseball park that has not only garnered international attention and awards but is also the proud home of the 2009 College World Series champions! No Fault products can be seen throughout the park, exceeding the expectations of everyone involved.

LSU Assistant Coach, Javi Sanchez remarked: "There is no question that I would recommend this application to anybody even considering building or renovating their current facility! It is a top notch product that belongs on a baseball field!"
