No Fault **BONDED** Rubber Mulch

No Fault Bonded Rubber Mulch application utilizes clean, **100% shredded rubber** mulch, combined with a single component polyurethane binder to achieve a **unique, attractive** and **natural look** for outdoor activity areas. This bonded mulch system is **extremely porous** allowing water to rapidly flow through so it is always ready for playtime.

No Fault Bonded Mulch is applied in various depths providing a seamless accessible safety surface **requiring little or no maintenance.**

No Fault Sport Group provides **coast-to-coast installation** service to ensure **consistent quality** and **premium customer service** for all of our poured-in-place surfaces!

Bonded Mulch Fall Height Chart	
DEPTH	Fall Height
2.25"	5'
